

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. 78-67

ORDER AMENDING ORDER NO. 77-127

TO ADOPT A REVISED COMPLIANCE TIME SCHEDULE FOR:

OWENS-CORNING FIBERGLASS CORPORATION
CLASS II-2 SOLID WASTE DISPOSAL SITE
SAN JOSE, SANTA CLARA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region, finds that:

1. The Regional Board on September 20, 1977, adopted Order No. 77-127 prescribing waste discharge requirements and compliance time schedules for Owens-Corning Fiberglass Corporation Class II-2 Solid Waste Disposal Site. The discharger has complied with all specifications of the Order No. 77-127 except specification B.2 which requires the disposal site to be protected from a 100-year flood.
2. Provision C.2 of Order No. 77-127 requires that Owens-Corning Fiberglass Corporation fully comply with specification B.2 by June 15, 1978. The discharger, in a letter dated March 30, 1978, informed the Board that the June 15, 1978 deadline could not be met due to complications in obtaining a zoning variance and approval of their 100-year flood protection plan from the City of San Jose, and requested an extension of the compliance deadline. On July 11, 1978, the discharger submitted a new time schedule requesting extension of the June 15, 1978 compliance deadline to September 1, 1979.
3. Staff inspection of the site has confirmed that improvements have been made. The site does not present an immediate threat to water quality.
4. The Board adopted a Water Quality Control Plan for the San Francisco Bay Basin, in April 1975, and this Order implements the Water Quality Objectives stated in that Plan.
5. The Board has notified the discharger and interested agencies and persons of its intent to amend waste discharge requirements for this site.
6. The Board, in a public meeting, heard and considered all comments pertaining to the discharge.
7. This project involves a minor alteration to land at a privately owned sanitary landfill. Consequently, this project will not have a significant effect on the environment based on the exemption provided in Section 15101, Title 14, California Administrative Code.

IT IS HEREBY ORDERED that Order No. 77-127 is amended to read as follows:

The discharger shall comply with the following time schedule to assure compliance with Provision C.2.

<u>Task</u>	<u>Report of Compliance Due</u>
Progress Report I	December 1, 1978
Progress Report II	July 1, 1979
Final Compliance Report	September 15, 1979

In addition, the discharger shall submit to the Board by April 1, 1979 a plan to comply with the Order which will be implemented in the event that a conditional use permit and City approval of the plan are not obtained, in order to assure full compliance by September 15, 1979.

I, Fred H. Dierker, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region on August 15, 1978

FRED H. DIERKER
Executive Officer
